

Valued Client,

Thank you to everyone who has already completed the Q Connect user registration form. Based on questions we've received, we wanted to provide a few additional clarifications:

- **Is this request legitimate?**

Yes. This communication is being sent because your organization is a Q Laboratories client. Individual user registration is required to access Q Connect, as shared logins will not be available in the new system.

- **Having trouble accessing the form?**

We've found that certain IT security settings may prevent access to the online form (Google Forms). If you run into this, simply contact us at gconnect@qlaboratories.com, and we'll coordinate with you directly to gather the information offline. If you have already completed the [Google form](#), no further action is required.

- **Who needs to complete the form?**

Only individuals who require access to Q Connect should be included. Users who do not need access to test results, reports, sample submissions, or other laboratory information do not need to be registered. Finance or accounting contacts may disregard this message.

If you have any questions or need assistance, please don't hesitate to contact us.

Best regards,

The Q Laboratories Team
